President's Corner -

As I am looking back on this past year, I'm struck by how things have changed - changed in ways that were not anticipated by me, or very likely by anyone else in the Camera Club. What started out as a year with great plans and expectations, turned quickly into a year of having to be fast on our feet, flexible, nimble and adjust on-the-fly. The COVID-19 global pandemic quickly erased our very comfortable and functional meeting space at Capital High School, and rapidly evaporated any group meetings - even field trips outdoors. None of that has changed our expectations, but we had to adjust some of our plans. It has been a little over three months since we have met in-person; however, thanks to the very talented and resourceful volunteer members of our Club, we have not let this "temporary" setback slow us down. We don't know for sure what the "new normal" will look like for our Camera Club, but we have been working hard to insure that we continue to provide you, our members, with quality, fun, and innovative ways to stay engaged.

Later this month, on June 23, we will have our "Annual Banquet". This year will be the first time in our 85 year his-

tory that we will be meeting "virtually". You won't want to miss being a part of "history" as we will be electing officers for the upcoming year and showing slides that YOU have taken during the past year. So, remember to join us at 6:00 pm on June 23rd for a "historic" Annual Banquet.

Lastly, I want to thank all of you - especially those of you who have stepped up and volunteered in some way; also to our volunteer Board of Directors and Committee Chairpersons - many of whom wear several "hats" and have been instrumental in helping us implement the changes that have been necessary to keep our Club active, engaged and together!

Bruce Livingston

Editor's Note:

I received a lot of images for the newsletter and want to thank everyone for making my job a little easier. Although I don't have room to use all of them in one newsletter I never throw them away. They are in a folder waiting for the next time I need images.

I am especially happy with all of the "virtual field trip" images you have submitted. This month we are traveling down the Columbia River Gorge and I think you will enjoy the variety of images members submitted showing the varied photographic opportunities the gorge provides. I hope it inspires you to plan your next trip down the Columbia River Gorge.

Monthly Meetings

**During the COVID-19 Pandemic
All club meetings are virtual, taking place
using the app “GoToMeeting”**

Please join “My Meeting” from your computer, tablet or smartphone

If you have misplaced the link to the virtual meeting, it is available in the “Members Only” area on the Club website

New to GoToMeeting? Get the app now and be ready when your first meeting starts:

<https://global.gotomeeting.com/install/326734229>

Practical Photography

June 9, 2020

7-9 pm

Spring is going fast and gone with it are all the events we as a club normally participate in. One of these has always been the Olympic Air Show which like everything else will not happen this year. This doesn't mean we can't learn how it's done. This month Bruce Livingston will share his know how concerning photographing motion in general and aircraft in particular. Bruce has been shooting the air show for years and with several different camera systems so it should be an interesting evening.

Ed Tromble, Coordinator

Member Sharing Night

June 16, 2020

7-9pm

For Member Sharing we will continue to do image critiques plus sharing. I would like each of you who want to participate to put three images in a folder. One image will be for critique and can be one you took at anytime in the past. The other two images should be ones you have taken in the past year (June – June). Please size your images to 2048 pixels on the long side. Put your full name on the folder, go to Drop Box, inside Drop Box open the **Member Sharing** folder and inside that folder put your images in the **Member Sharing Night** folder. Your images must be in Drop Box Not Later Than the Monday evening **prior** to the meeting. You will also need to have a microphone so you can communicate with everyone in the meeting.

Pam Hoaglund, Coordinator

General Meeting

June 23, 2020

7-9pm

There will be no General Meeting this month. Instead we will be having our Annual Meeting and election of officers. See page 4 for the details.

Townsend Walton, Coordinator

Olympia Camera Club 2020 Annual Banquet June 23 at 6pm, portal will open at 5:30pm GoToMeeting

This year, the Olympia Camera Club's Annual Banquet will be held at my home, and your home. The situation with the COVID19 pandemic forces us to insure that we keep our "Social Distance" and protect our members. However; that does not mean we can't have a great time, so in keeping with our Club's tradition, the Annual Banquet will go on as planned on Tuesday, June 23rd, "virtually". We will all meet on GoToMeeting at 6:00 pm (the portal will be open 30 minutes prior to allow everyone to enter the meeting). We plan on having a fun-packed evening with a short Business Meeting to elect Officers for the upcoming year, and a slide-show comprised of YOUR favorite images from the past year.

Because this year is the first time in the Clubs' history that our Annual Banquet will be held "virtually" and we have members that have not participated in our banquet, I want to preview what will happen. For the Business Meeting, the slate of candidates will be presented; we will take nominations from the floor, and then members will vote for the slate of officers. Any additional Club business may also be conducted. This year the slate of officers is:

President - Townsend Walton
Vice-president - Ed Tromble
Secretary - Tammy Mandeville
Treasurer - John Damitio

After the short Business Meeting, there may be a few remarks by the outgoing President and the incoming President, followed by the slide show of your favorite images from the past year presented by Rosalind Philips. This is always the highlight of the banquet, as Ros does a fantastic job of arranging the images with music.

There is still time to submit your images for the banquet - the submission due date is Tuesday, June 9.

The 2020 Annual Scavenger Hunt/Favorite Images

We are going to try something different with our annual slide show of member images this year. We will not do a scavenger hunt and will just do favorite best images.

2020 Olympia Camera Club Official Scavenger Hunt Rules

Submit 5 of your favorite/best images taken between 6/1/2019 and 6/9/2020. You may do as much processing as you like on the images.

Rules:

1. All images must be JPEGs (.jpg) – no RAW or TIFF images.
2. The images must be between 1024 and 2048 pixels on the long side. The resolution should not exceed 72 dpi.
3. Favorite/Best of 2019-20 images. Name your images as Bxx_Name_ImageName.jpg.
 - a. B means Favorite/Best of 2019-20, xx is the number of the image, Name is your name and ImageName is the name of the image. For example, the third image I submit would be named, B03_RosalindPhilips_BergyBit.jpg.
 - b. Please include a self Identification Image as your 6th image.
4. Please put your images in the Images for Annual Meeting folder inside the OCC Member Sharing folder on Dropbox.
5. **Images are due no later than midnight on June 9, 2020.**

We will view the slide show at the GoToMeeting Annual Meeting on June 23rd. Please contact Rosalind at RosalindPhilips@comcast.net or at 360-790-2814 with any questions.

Olympia Camera Club Virtual Field Trip Schedule

by Cynthia Whelan

For the foreseeable future, OCC will not be gathering for field trips. But, we want to continue to share our collective love for photography by gathering our photographs from our previous experiences and showcasing them in the OCC Newsletter.

You can join us by reviewing your existing photographs for: the Columbia River Gorge, the Palouse, the Olympic Peninsula, and the City of Olympia. Virtual Field trips will be featured in the OCC Newsletter with one exception. The Palouse will be a Member Sharing/Virtual Field Trip at a GoToMeeting on June 30, 2020.

All Virtual Field Trip photograph due dates will be posted on the OCC Member Calendar.

Please size your images to 2048 pixels on the long side. Put a watermark on the image and title each image. Example for title: Milky Way over Mt Rainier_Pam Hoaglund. Please send the images as an attachment to an email to newsletter@olympiacameraclub.org by the newsletter due date.

Here is the virtual field trip schedule for 2020:

A Special Virtual Field Trip Evening Sharing: The Palouse June 30 at 7pm on GoToMeeting:

On June 30 we are going to take a special virtual field trip to "The Palouse." What is "The Palouse?" Why would you go there and what would you photograph? Help OCC members who have not been to "The

Palouse" see what an amazing place it is to photograph. Tractors, rolling wheat and canola fields, Palouse Waterfall, grain storage structures, barns and a big sky are all part of this unique agricultural landscape.

On June 8 we will send you an email with the details for submitting your images taken in the Palouse.

The link for GoToMeeting can be found on the Olympia Camera Club web page. Go to the "members only" tab, log in and then go to the tab "Teleconference Link" and

click on it. When the website opens click on "Join My Meeting".

July 9, 2020 – Olympic Peninsula (Hwy 101 loop)

This virtual field trip will encompass a large area as we will accept images taken anywhere along Hwy 101 on the Olympic Peninsula. This will include places like Port Townsend, Fort Worden, Hurricane Ridge, Deer Park, the ocean beaches, the Hoh Rain Forest, etc. You will receive an email on July 2 with all the details for submitting your images.

August 6, 2020 City of Olympia

This virtual field trip will have you show the various photographic sites in and around the City of Olympia. You will receive an email on July 30 with all the details for submitting your images.

September 3, 2020 Virtual Field Trip to the Skagit Valley and the Islands

This virtual field trip will take us to the area north of Seattle and will include the Skagit Valley, Whidbey Island, the San Juan Islands, Mt Baker area, and other photographic sites north of Seattle, south of Canada and west of the Cascades. This covers a pretty wide and diversi-

(Continued on page 6)

(Continued from page 5)

fied area. I'm sure we will all learn about some new sites to explore and photograph.

Members may contribute up to four to six images per person per virtual field trip. Please size your images to 2048 pixels on the long side. Put a watermark on the image and title each image. Example for title: Milky Way over Mt Rainier_Pam Hoaglund. Please send the images as an attachment to an email to newsletter@olympiacameraclub.org by midnight Thursday, September 3, 2020.

Changes to Our Field Trip Galleries

by Colleen Easley

In the past we've used Flickr groups to display our field trip galleries. There are links to every field trip we've taken since December of 2013 on the Field Trip Galleries page. It's so nice to be able to look back to see images from those long ago group outings, but things have changed at Flickr since they were bought by SmugMug. Free accounts are now limited to 1000 photos. Some members are pushing up against that limit and have expressed concerns about uploading more images just to get them into field trip galleries.

To solve that dilemma, I've developed a way for you to upload your field trip images directly to our website. The process is fairly simple. You just need to log into the OCC website and in the Members Only Area you'll find a link called "Add to Field Trip Galleries". All the instructions are on that page. Your images should be 1024 px on the long side and 2mb or less in size. They should also be watermarked with your name for easy identification. There is a pull down menu to select the field trip you wish to upload to.

Since right now we're only doing Virtual Field trips, many of you will be able to contribute. Right now you can contribute to the Columbia River Gorge. Links to all

our field trips are listed on the website under PHOTO GALLERIES>FIELD TRIP GALLERIES.

There really isn't much we can do about moving the older Flickr galleries. I'm hoping most of the images that are contained in them will remain there, but from here on out, we'll be using this new procedure for field trips. If all goes well, we'll consider moving personal galleries to our website as well.

Kenmore Camera Display **Canceled**

by Frank Townsend

To those of you who were preparing prints to be displayed with NWCCC at Kenmore Camera I must apologize. The logistics of transporting, meeting, and judging during the Covid-19 pandemic are just too great an obstacle. Thank you for your desire to participate.

NWCCC Traveling Prints Update

by Kim Buechel, Traveling Print Director

The NWCCC Committee has decided to pursue a fall Virtual Conference in place of the regular conference held in November because of COVID-19. The committee is working hard to come up with a method to have three judges, judge the actual prints of the 2020 Traveling Salon prints for the final winners.

The Traveling Prints have been physically judged by two to three clubs. The results have been tallied and the following prints will be held for further judging:

Sierra Fall by Eugene Eckhardt
 Fatherhood by Dennis Plank
 Scrub Jay with Peanut by Townsend Walton
 Iguana Portrait by D. J. Mark
 Angelica by Tamara Mandeville
 Flamenco Guitarist by John Gerech
 Shop Store Reflection by Kim Buechel
 Rebel by John Gerech.

The prints that are not going forward for final judging are allowed to be returned to the photographer. Please contact the Traveling Prints Director through the website if you want to arrange a time and place to pick up your print.

Congratulations to those photographers whose print will be going to the next level of judging.

Good Luck.

Photographing the Prairie: A Project

by Dennis Plank

As with all the other special activities and festivals this year, we had to cancel Prairie Appreciation Day for what would have been the 25th annual event. When the board of Friends of Puget Prairies met (practicing social distancing) to make that decision just before the Stay Home order came through, we discussed what other means there were to keep people interested in the prairies and make sure that the event didn't drop off peoples' calendars permanently, particularly our regular volunteers. One of the members suggested that we try to come up with some kind of "virtual" PAD. Someone else suggested that a Blog <http://www.prairieappreciationday.org/blog/> would be a good idea. Since I do the website and am the resident "photographer" on the board, guess who got the assignment?

Luckily we have the website through a good local techie who specializes in small businesses and non-profits, so he was able to set the basic blog up quickly. Also, luckily, the Center for Natural Lands Management had a new Americorps volunteer who was willing to do the dirty work of getting it looking good and putting up the first several posts (she also wrote great directions for the latter). That left me with the job of creating content and editing that brought in from others. The way things fell out, the person who suggested the whole thing is the recruiter of blog writers on special topics, while I try to fill in with the general progression of the seasons.

Since my forte is most decidedly **NOT** landscape photography, I've been concentrating on what I think I do reasonably competently: birds and flowers, with an occasional bug or three thrown in. However, there have been occasions when the blog required that I step outside my comfort zone as in this panorama of an area that had been burned last year on the Glacial Heritage Preserve.

The project has made me a much better and more dedicated observer, because I've promised myself to try to cover it as thoroughly as I can with reduced access to the prairies (now hopefully a thing of the past). Since I didn't want to encourage people to violate the closures, I got permission to visit a couple of CNLM's private preserves. These photos are from their Tenalquot preserve:

With the almost daily inspection of our own prairie, I've become more aware of the timing of events as in this excerpt from a post from April 13th:

"...you'll see just how many prairie flowers are starting to bloom now. All these flowers come at the same time that the Savannah Sparrows and White-crowned Sparrows start singing on territory and most of our winter birds have gone except for the pairs that set up their territories here, so my bird feeding station is getting very little attention. However, the first three male Goldfinches passed through on the 11th, so that horde won't be far behind."

It's also made me think about elements of the prairie that I haven't noticed before. For instance, this is the season of spittlebugs. You'll see their little bubble houses on plant stems all over the prairies, often so numerous that your boots and pant legs get soaked walking through them on a dry day. I've always thought they were cool, but had never noticed that they seem to really like the

(Continued on page 8)

(Continued from page 7)

Oxeye daisies (an invasive) or thought much about how they make those bubble houses (the theory is they help deter predators and prevent themselves from drying out). So I pulled a daisy with a spittlebug house in a convenient location, stuck it in a beer bottle with some water, removed most of the bubbles with a tissue and proceeded to take 400 odd photographs at 3 second intervals (thank you, Intervalometer!) and turn them into a time-lapse:

https://youtu.be/B3rix-_0Nsg

The spittlebug was returned to the wild unharmed to carry on its life.

Or did you ever wonder how dense spiderdom can be: This one was pure serendipity. This area of our property had been mowed recently as a firebreak (though the front yard looked the same), the spiders must have been incredibly dense, and there was a late night fog that disappeared with the first sun leaving very heavy dew. My wife, Michelle, dubbed it Spider Frost.

In conclusion, if you're into nature photography, I'd recommend picking an area that's handy and following it as closely as you can. It's a wonderful exercise and a great chance to increase your knowledge of what's happening around you. And it's addictive.

I know that after this is over, I'll be starting a nature blog of my own.

Wabi Sabi Photography

by Pam Hoaglund

Wabi Sabi is the Japanese word that roughly translates as "imperfect aged beauty" It's used to describe a philosophy that beauty can be found in the old, the everyday, and the imperfect.

To embrace wabi sabi in photography is to slow down and notice the overlooked beauty of the mundane and imperfect; a crack in a tea cup, withered fruit, a dying flower or rust on metal.

There are multiple websites that describe wabi sabi but I thought this website gave a good overview: <https://www.discoverdigitalphotography.com/2016/wabi-sabi-photography-the-art-of-the-imperfect/>

For Member Sharing night in July let's focus on wabi sabi. Everyone can photograph wabi sabi. It doesn't take a special camera or lens or going to a specific place. Wabi sabi is all around you, you just have to look.

Thurston County Fair

by Dale Easley

As you have probably heard, the 2020 Thurston County Fair has been **canceled** due to Covid-19. On a brighter note, we ARE looking forward to 2021 when we will celebrate the 150th birthday of the county fair. We plan to have a great celebration with a fair that is "Still nifty at 150." We hope to see you all at this historic event AND that you will consider participating as well.

Membership Report

by Colleen Easley

Our membership stands at 150 members. We had one new member join in May. Please welcome, Richard Box.

Welcome!

We are glad you are here!

PSA 2020 Website Competition

Congratulations to Colleen Easley for her 1st place (2nd year in a row) in the PSA Website Competition. Colleen is our website designer and manager and has done a fantastic job with our website. Here is an excerpt from the PSA announcement of the results:

Thanks to each of you who entered this year's contest!

Each large club web site was judged by three and each small club web site by two, PSA member judges. This process is always quite time consuming and I sincerely appreciate our judges' professionalism, dedication, and commitment to the contest.

It is always a treat to look at all of the websites and see the variety of approaches that are taken, as well as enjoying the beautiful and creative photography that is on display. Keep up the good work!

Sincerely,

Sam Wilson

PSA Website Contest Director

HM	Minnesota Valley Photo Club	Twin Cities, MN

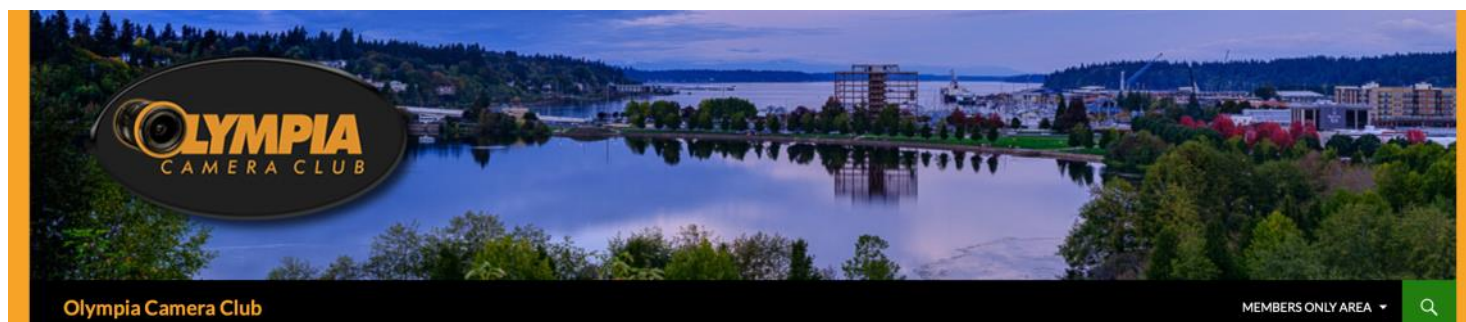

Website Header Images

by Colleen Easley

Our website software allows for a rotating banner image at the top of each page, but we've never taken advantage of that feature until now. I recently created some headers using some of my own images, but I'd like to get a few more images from other members.

I need to crop the finished image to 1260 px wide by 240 px high. If you just want to send me a panorama, I'll do the cropping. Images can be anywhere in Washington state. Please do not watermark them. Once you've sent them to me, I'll select the ones that will work, crop them to the appropriate size and add the club's logo to them. Send your images to ceasley@me.com - Thanks!

Virtual Field Trip Columbia River Gorge

This is our second virtual field trip and we are traveling to the Columbia River Gorge. We are going to experience the gorge from the west end near Portland all the way to the east end near Roosevelt, Oregon. The Columbia River Gorge is an extremely diverse and dynamic place. In 80 miles the gorge goes from a temperate rain forest on the west end with 75-100 inches of annual precipitation to the eastern grasslands with annual precipitation of only 10-15 inches.

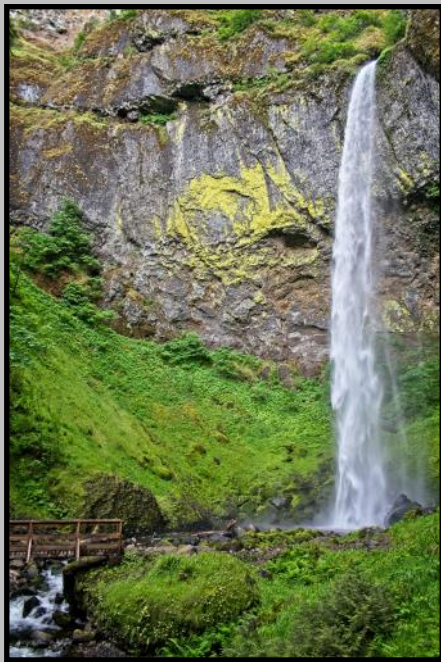

We hope you enjoy the trip....

Olympia Camera Club Business Meeting Draft June 2, 2020, 6:30pm to 8:30pm GoToMeeting

Officers and Members Present

Bruce Livingston, Townsend Walton, Tammy Mandeville, Ed Tromble, Pam Hoaglund, Rosalind Philips, Colleen Easley, Dale Easley, Susan Bradley and Clair Ferris.

The meeting was called to order by President Bruce Livingston at 6:30 with a quorum present.

Approval of May's Minutes

After one change, the minutes of the May 5, 2020 Business Meeting was approved by unanimous consent.

Treasurer's Report

The Treasurer's report was read by Bruce Livingston and is on file at the OCC Dropbox.

Treasurer's Report June 2, 2020		
May 1 - May 31, 2020		
WSECU Checking		
Starting Balance (5/1/20)		\$2,784.00
DEPOSITS		
Total Deposits		0.00
EXPENSES		
Technology - Adobe Subscription	10.93	
Meeting Expenses - Facility Rental	157.50	
Total Expenses	168.43	
Ending Balance (5/31/20)		\$2,615.57
WSECU Savings		
Starting Balance (5/1/20)		\$3,402.17
Dividend Interest	0.29	
Ending Balance (5/31/20)		\$3,402.46
PayPal Balance	\$ 19.11	
Total Balance		\$6,037.14

Old Business: COVID Update

Nothing to Report.

Committee Reports: Equipment/Teleconferencing

Nothing to Report.

Membership

Colleen Easley reported that we have one new member, for a total of 150 members.

President's Report

Bruce Livingston thanked several people for their hard work within the club to keep OCC going smoothly. Bruce also congratulated our website designer and manager, Colleen Easley, on winning first place in the PSA Camera

Club Website Competition for large camera clubs. This is the second year in a row that our Website has won this honor. Bruce then led a discussion on individuals and groups who have reached out to OCC to advertise webinars and workshops. The NWCCC Traveling Print committee is working hard to come up with a method to allow three judges to judge the actual prints of the 2020 Traveling Salon for the final winners.

Community Liaison

Bruce Livingston reported that the Olympic Air Show has been canceled until next year. Nisqually National Wildlife Refuge reports that trails and parking lots as well as restrooms remain closed to help prevent the spread of COVID-19, but they are looking into a plan to reopen.

General Meeting

Townsend Walton reported there will be no General Meeting in June. Instead we will be having our Annual Banquet and election of officers on June 23 at 6:00 pm.

Practical Photography

Ed Tromble reported that this month we will have Bruce Livingston present a slideshow of the Olympic Air Show. Bruce will show images from 2015-2019 that he took using different cameras and lenses. He will talk about techniques, different camera settings, types of gear and his growth doing post-processing.

Member Sharing

Pam Hoaglund will be having members share three images, one image for critiquing (can be taken anytime) and two images taken in the last year. Pam shared that next month we will have the theme of Wabi Sabi -a Japanese term which means finding beauty in the imperfect, broken and decaying.

Social Chair

Nothing to Report.

Newsletter

Pam Hoaglund reported that photos from the Columbia River Gorge will be the theme for the "virtual" field trip for the Newsletter this month.

Webmaster

Colleen Easley informed us that the new Photo Field Trip Gallery will be hosted on the OCC website. Colleen also requested more photos for the OCC website header. Photos should be 1260 ppi on the long side and no more than 240 ppi on the vertical side. She noted that she can crop images to fit as long as they meet the long edge size of 1260 ppi.

(Continued on page 17)

(Continued from page 16)

Thurston County Fair

Dale Easley reported that the Thurston County Fair has been canceled.

Field Trips

Susan Bradley reported that the next virtual field trip will be June 30, 2020 and will be images that you have taken from the Palouse. July's virtual field trip will be from the Olympic Peninsula. The August virtual field trip will be images from the City of Olympia.

NWCCC Gallery at Kenmore Camera

Frank Townsend will be checking on the status of the Gallery at Kenmore Camera. In an email he sent to Bruce, he suggested that we should "assume" that we (OCC) will not participate.

NWCCC Traveling Prints

Several members' photos have gone forward in this competition. All others will be mailed back to OCC to be returned to the owners.

NWCCC

Frank Townsend, in his email to Bruce noted that NWCCC has discussed an on-line Conference November 14. Brooks Jensen will be featured speaker with two sessions.

PSA

Pam Hoaglund reported that two members received Honorable Mention in the last round of the PSA Interclub Digital Photo Competition. Pam led a discussion on whether we should participate in the competition next year.

New Business Annual Banquet

Bruce Livingston corrected start time on the Web Page for the Banquet. The Portal will open at 5:30pm and the meeting will begin at 6:00 pm. Calendar reminders will be sent out for the Banquet.

Slideshow

Rosalind Philips has received submissions from three members so far. When submitting images, please size your images to no more than 2048 ppi on the long edge. Deadline to submit images is June 9.

Election of Officers

The Slate of Candidates will be read and then we will ask for nominations from the floor.

The Slate of Officers is:

President-----Townsend Walton

Vice President----Ed Tromble

Treasurer-----John Damitio

Secretary-----Tammy Mandeville

All current camera club members will be able to vote on the Slate of Officers.

Adjournment

Townsend Walton made a motion to adjourn the meeting. Adjournment was approved by unanimous consent.

Submitted by Tammy Mandeville, Secretary

"If I have any 'message' worth giving to a beginner it is
that there are no shortcuts in photography."
