GENERAL MEETING
OCTOBER 27TH
Capital High School, Pod A
6:30 p.m.—8:30 p.m.

The October General Meeting will feature John O’Leary as the guest speaker. John developed his love of photography as a student at Purdue University, which he has continued throughout his career. John graduated from Purdue with a degree in Engineering, and in 1978 moved from Rochester, New York to Tokyo, Japan. He taught science in Japan, but continued his love for photography, taking photographs for many of the school’s events.

In 2010 he moved to Olympia and taught physics at Olympia High School and at Saint Martin’s University. He continues to photograph school events, athletics, sports teams, homecoming dances, proms and senior portraits.

John retired from Saint Martin’s in 2015, and currently focuses his photography in our community. He photographs weddings, senior portraits, families, and other events.

John’s presentation will center on his evolution in photography, from the early years until now. He will also demonstrate how he uses a simple lighting setup to make quality portraits.

GENERAL MEETING
NOVEMBER 24TH

General Meeting: The November General Meeting will feature Richard Eltrich as the guest speaker. Richard studied fisheries and salmon culture at the University of Washington and worked for the Washington Department of Fish and Wildlife until he retired in 2010. He has been photographing wildlife and natural landscapes for many years and although he concentrates his photography on birds, he also photographs landscapes, seascapes, and other wildlife.

“Nature photography fuels my desire to know more about the wildlife around me, their habits, their lives and their connection to us.”
