Each print may earn only one "People's Choice" ribbon.

NOTE FROM THE SUPERINTENDENT: As the world of photography changes, we have to update some of the rules that go along with this competition. Digital photography is now more prominent than film photography. We encourage everyone to do what they feel is necessary to correct colors, improve sharpness, and make their entries the best they can before the fair. However, if you are creating an image from multiple photos to create a whole new image, please remember to use LOT I so that your creativity can be judged on the same level as other images that are equally creative. We want to encourage everyone to feel their work is accepted and judged fairly here at the Thurston County Fair.
